

## **Centre for Multiparty Democracy Institute for Leadership and Governance (July 2015)**

The purpose of the collaboration is to enable the two institutions to harness synergistic potentials in working together to provide integrated services that will contribute to enhancing the democratic space and civic awareness among Kenyans by promoting applied research, training, civic education and national participation in democracy. Through the collaboration, the two Institutions have jointly developed a curriculum on short course in County Governance and have trained students who are in/intend to take up leadership position in County Government and Public Sector.
